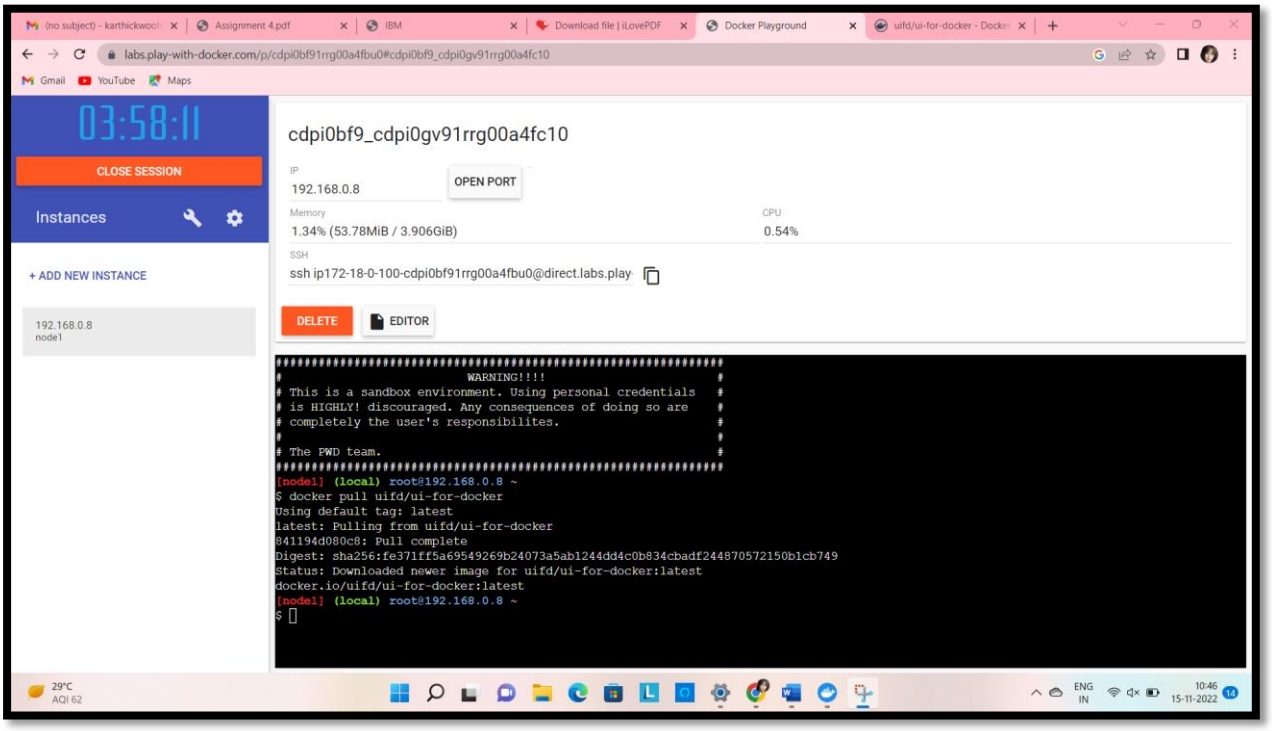
Assignment -4

Assignment Date	10 October 2022
Student Name	KARTHICK.S
Student Roll Number	814619104009
Maximum Marks	2 Marks

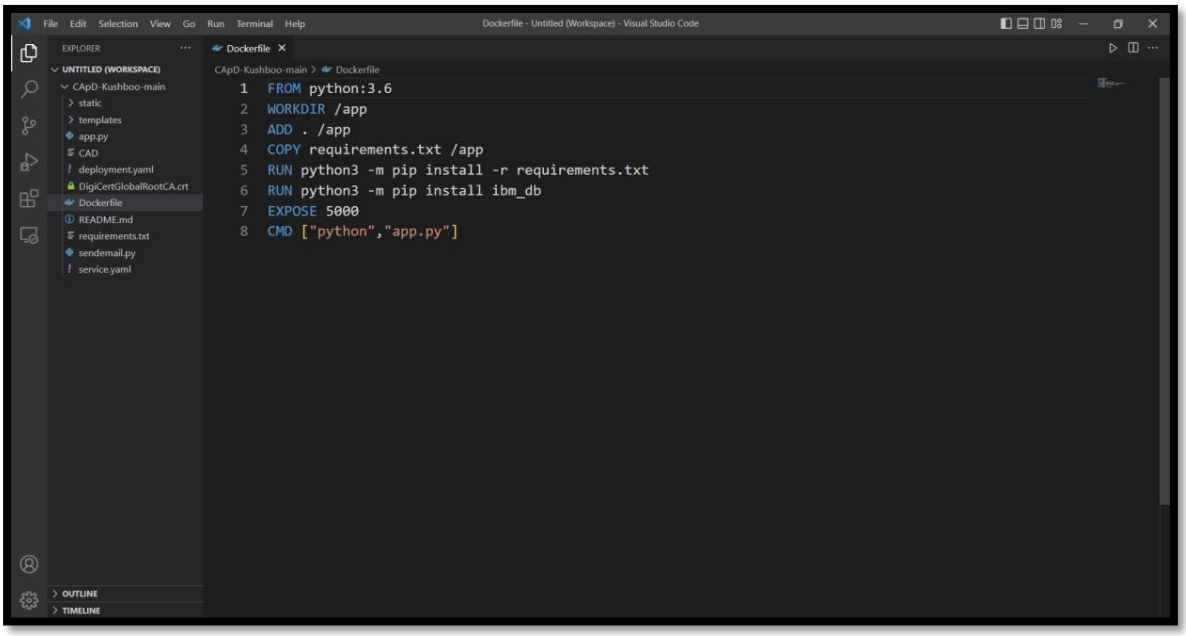
Question 1:

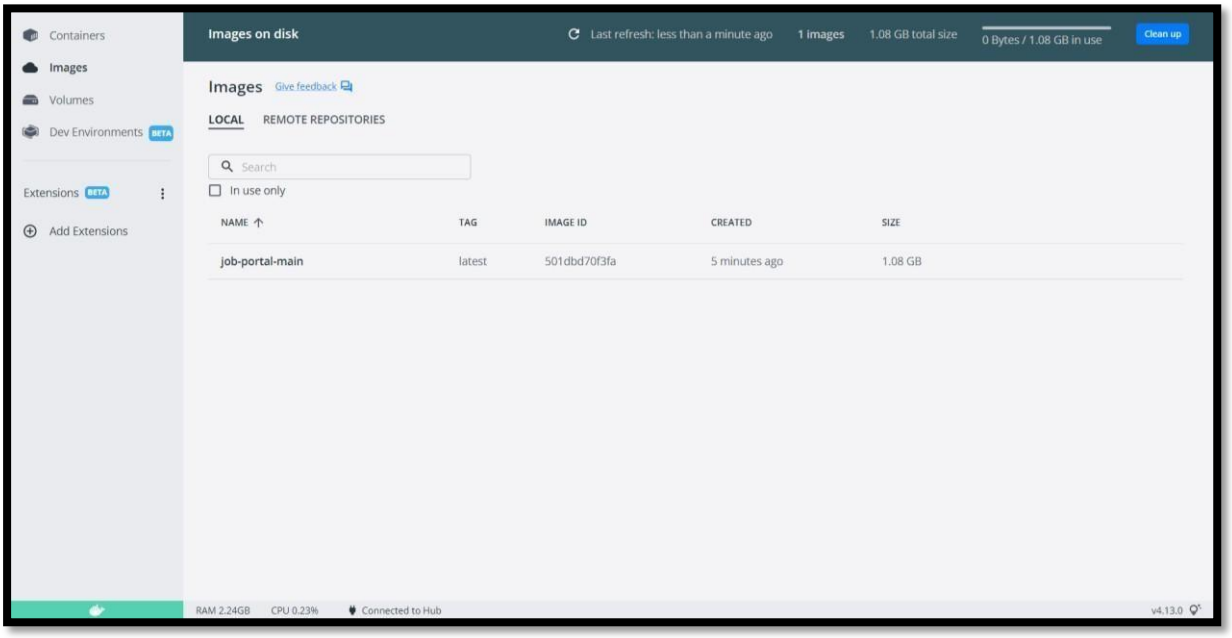
1. Pull an Image from docker hub and run it in docker playground



Question 2:

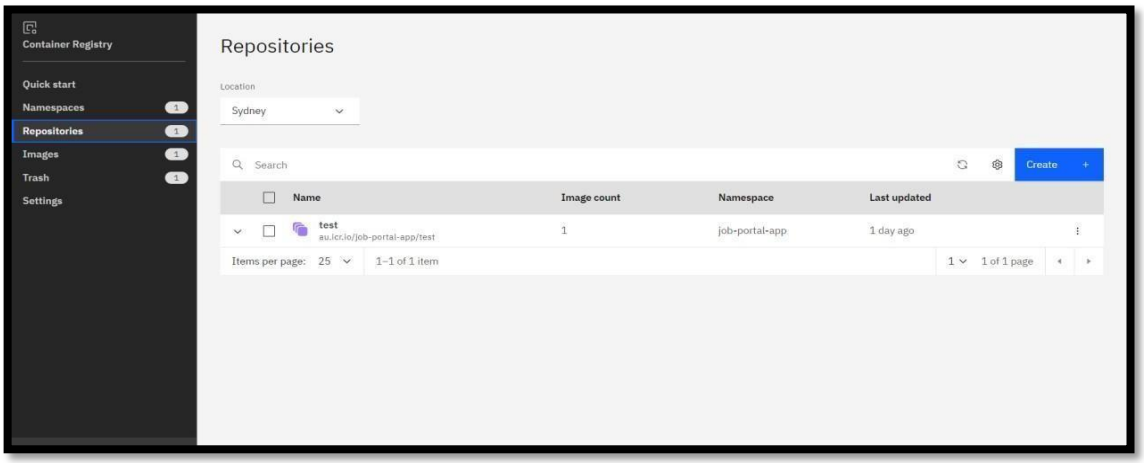
2. Create a docker file for the job portal application and deploy it in Docker desktop application.

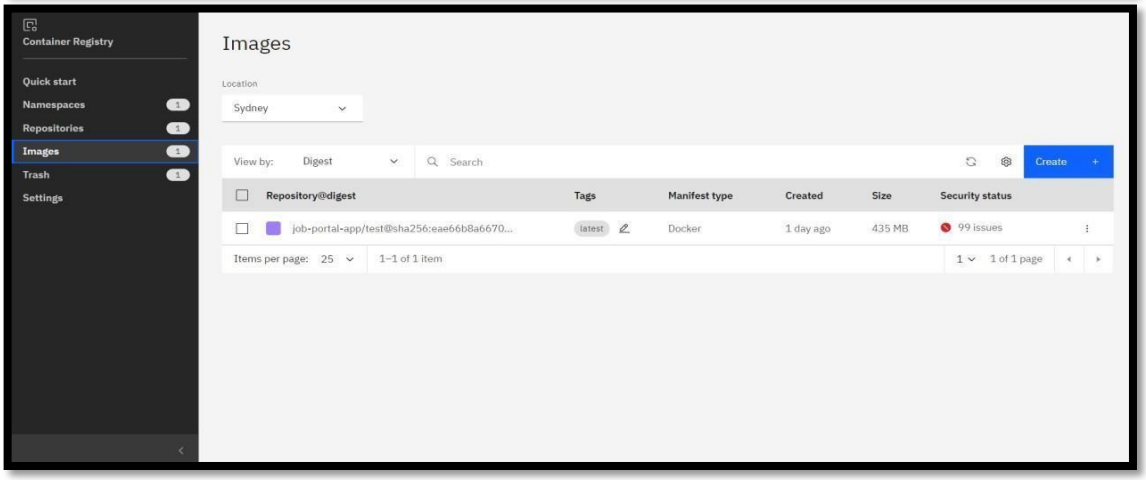


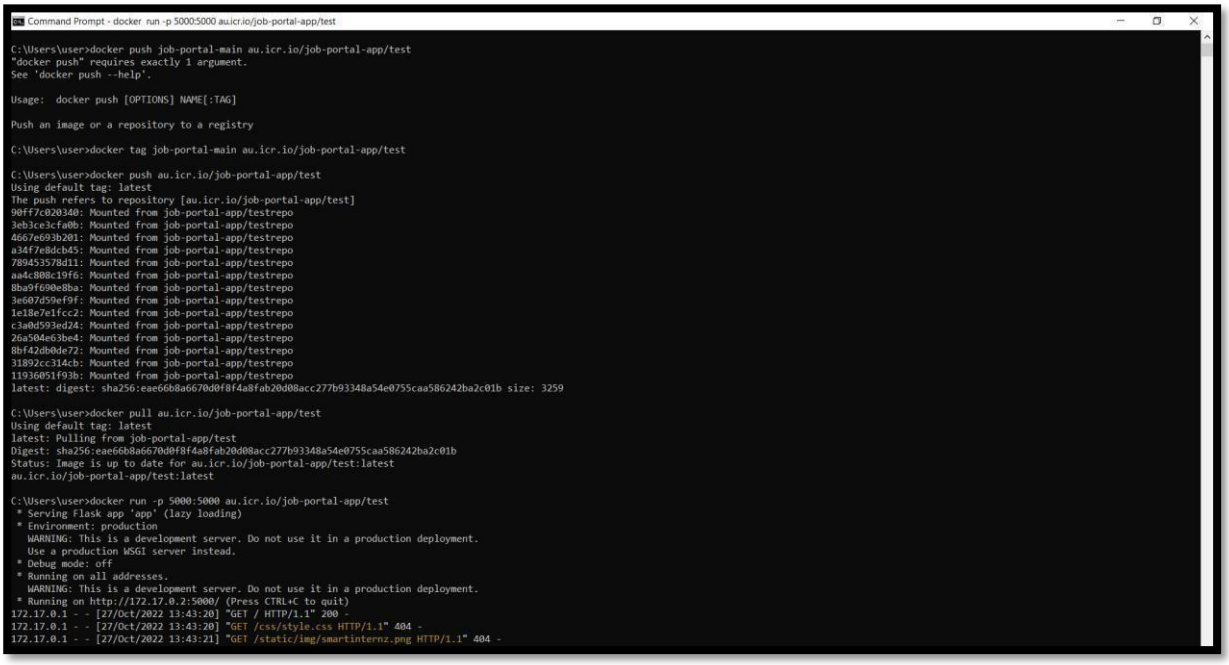


Question 3:

3. Create a IBM container registry and deploy helloworld app or jobportalapp.







Command Prompt - docker run -p 5000:5000 au.icr.io/job-portal-app/test
C:\Users\user>docker push job-portal-main au.icr.io/job-portal-app/test
"docker push" requires exactly 1 argument.
See 'docker push --help'.
Usage: docker push [OPTIONS] NAME[:TAG]
Push an image or a repository to a registry
C:\Users\user>docker tag job-portal-main au.icr.io/job-portal-app/test
C:\Users\user>docker push au.icr.io/job-portal-app/test
Using default tag: latest
The push refers to repository [au.icr.io/job-portal-app/test]

Aboutus
Mission
SMARTBRIDGE is an edTech organization with a vision to bridge the gap between academia & industry. Our outcome-based experiential learning programs on emerging technologies (Internet of Things, Machine Learning, Data Science, Artificial Intelligence, Robotics) are building skilled entry - level engineers, for the corporate world. .
Vission
Our main objective is to bridge the existing gaps between prevailing industry standards and what the academics offer to the graduates while passing out of university. SmartBridge offers suitable skill deployment and training to the young talent before on boarding their first job. Our skill development programs are designed considering the present expectations in the industry.
Objective
Well directed career guidance programs for educational institutions Appropriate certification courses that suit the industry need Train the trainers; expanded awareness about the current industry standards Liaise with corporates to offer niche internships Establish technology development centers in colleges Specialised incubation centers in collaboration with corporates
